PROFESSIONAL SUMMARY

Software Engineering student with practical experience in backend development, databases, RESTful APIs, documentation, and team coordination. Interested in technology, digital products, and the gaming industry. Seeking an internship opportunity where I can learn from professionals, support real projects, conduct research, assist with documentation, and contribute in a collaborative work environment.

EDUCATION

Al-Hussein Bin Talal University — Ma'an, Jordan

Bachelor's degree in Software Engineering

2023 – Expected September 2026

TECHNICAL SKILLS

Programming Languages: C#, C++, HTML, CSS

Backend Development: ASP.NET Core Web API, RESTful APIs, Entity Framework Core

Databases: SQL Server, SQL

Tools: Visual Studio, VS Code, Git, GitHub, SQL Server Management Studio

Productivity Tools: Basic knowledge of Microsoft Office, Google Workspace

Other Skills: Documentation, Team Coordination, Database Design, Basic Frontend Development

PROJECTS

PetSense — Graduation Project

Team Leader | Final Grade: 95/100 | Jan 2026 – Jun 2026

Project Technologies: ASP.NET Core Web API, SQL Server, Entity Framework Core, Flutter, RESTful APIs, AI Services

- Led and coordinated a student team in developing a pet care assistant application for cats and dogs.
- Built and documented backend features using ASP.NET Core Web API and SQL Server.
- Supported database design and API integration between the backend and mobile application.
- Participated in planning system features, database structure, backend APIs, and integration requirements.
- Managed team coordination, task planning, progress follow-up, and project documentation.
- The system included pet profiles, tasks and reminders, adoption and lost pet posts, nearby services, and AI-based pet emotion analysis.
